Recycle Used Motor Oil & Filters

More helpful information:

Motor oil (new and used) is toxic. One gallon of motor oil can pollute one million gallons of drinking water, a one-year supply for 50 people. In fact, used motor oil accounts for 40% of oil pollution in America's waterways. Please recycle used motor oil. DO NOT pour it on the ground, into the storm drain, or in your garbage carts.

Used Oil that has been contaminated with other fluids such as antifreeze, solvents, gasoline, or water will not be accepted. So please, do not mix your used oil with anything.
